

What they are saying
about the return of
Al Cummings

"Al Cummings is not just a disc jockey. He is a way of life! A miserable way, I might add..."

*Albert Orsaloaf
Harbor Island Mission House*

"... nice to have you back. We have missed the laughs we used to get out of reading your credit applications..."

*Rating Staff
Bun and Shadstreet, Inc.*

"Naturally we are glad to hear you on radio again. Pollution is of great interest to us..."

*Herbert Z. Algae, President
Keep-Green-Lake-Brown Assn.*

"... so here is my second installment on the Space Needle. Just think, only four more, like you said, Mr. Cummings, and it is mine..."

*Baggage Attendant
Int'l Airport, Bangkok*

"You will not be given a key to the executive washroom until you return the key to the coke machine which you took with you when you left last year. Thirsty or dirty, take your pick..."

*Bookkeeper
K.O.L Radio*

These are just a few of the enthusiastic comments which have greeted Al Cummings' return to Seattle radio. Mr. Cummings conducts a radio—ah—show over K O L from 5 to 9 a.m. nearly every morning.

Sponsors may make application by raising one finger slightly. Razor blade and shaving cream companies should think twice.
